

## Come and join us at Friends!

'Friends' is the Coten End Primary School Parent and Teacher Association (PTA).

**We are volunteer parents (and teachers) who come together, in our not so spare time, to share great ideas and help out anyway we can to making those idea's become events that raise money for the school.** We all volunteer because like you we want all the children at Coten End to have the best educational experience. That's why all the money we raise goes directly to all the children in the school through equipment, trips and generally making the school and resources the best they can be.

There are loads of ways to help and be involved, from being on the committee (we're all super friendly and meet in the local pub every two months), to helping out on a stall at an event, to match funding through your organisation, 'easy funding' and so much more.

**<https://www.easyfundraising.org.uk/causes/cotenendprimary/>**

We are a registered charity and we need you to help make each year bigger and better every year. After all, it's our children who reap the benefits of a bigger playground, the latest robotics equipment and good classroom resources.

Just like you, we are busy parents and **we really look forward to saying hello, and meeting you as and when school life returns and hopefully at our next meeting in October 2020.**

Keep your eye on the newsletter and app for more details.

**It is impossible for us to run events without support from parents and families.**

To find out more, or to volunteer your services (no matter what they are!), please email
